

Once upon a time!

Topic Questions

1. Can you talk about how people have different beliefs and celebrate special times in different ways?
2. How have you developed your own ideas to make your own hat?
3. Can you re-tell a known story?
4. Can you talk about the seasons and the changes you have experienced from Autumn to Winter?
5. How have used your senses to explore light and sound?
6. Can you talk about what you see and experience in Forest School using newly introduced vocabulary?
7. Can you talk about known feelings and how you can express them using musical instruments?

In this topic we will be learning some traditional stories and building our bank of story language through these familiar stories. We will be exploring how people celebrate Christmas around the world and how beliefs may differ between cultures. In Science we will be exploring the world around us through the units of 'Light', 'Sound' and 'Humans'. In Expressive Arts and Design, we will be exploring materials to design and make our own winter hats.
