

Strategic Vision

Our School Motto

Inspire-Challenge-Achieve

Our Vision

We aspire to be an excellent school in all that we do for our children.

Our Aims

Our aims are:

- To be recognised as the school of choice by the local community.
- To continually enhance the educational experience of our children so that they achieve their potential and leave with rich memories and a passion for learning.
- To ensure that every child in our school has valuable life skills, as well as high personal standards, self reliance and self esteem.
- To actively encourage parents to participate in their children's education.
- To respond to the needs of our community through working with others for the benefit of our children.

Our Values

We have five core values that we feel are important to our school and our pupils. We use these throughout the school to encourage good behaviour and a positive attitude. The five values are:

Respect:

- *We respect each other, ourselves and our environment (including buildings, property, and especially things that belong to others).*
- *We know that respect has to be earned.*

Togetherness: *We look at how we can all – children, parents, staff and the local community – work as one team.*

Ambition: *We are ambitious for all, no matter where they are on their journey, or what their specific needs.*

Pride: *We want children to be proud of who they are and what they do.*

Resilience:

- *We can 'bounce back' to our original shape when we get 'squashed'.*
- *It is alright to find things difficult – this is an important part of the learning process and it means that you are challenging yourself!*

Our Approach

We seek to achieve our vision by:

- Working with the strengths of the school staff and utilising other expertise available as appropriate to ensure every child reaches their full potential.
- Providing exciting opportunities both within and outside of the classroom to enable children to develop and maintain a lifelong love of learning.
- Further improving the school environment to give our children an inspiring place to learn.
- Continuing to increase positive perceptions in the community by embracing opportunities to celebrate the achievements of our children.
- Providing both formal and informal opportunities for parents to engage with school.
