Headteacher Awards

Owls	Santino
Hedgehogs	Holly
Foxes	Romeo
Buzzards	Joshua

Good news, today has seen the installation of the handrail to the ramp outside our new classroom. We are almost there as far as our new build works are concerned so stay tuned for details of our grand opening. Also look out for details of our sponsored 'Daily Mile' starting on the 1st October. This is in response to our school council who canvassed the children's opinion and discovered they would like a fish tank in school. All proceeds raised will go towards making this a reality.

Just a reminder to parents that have children with earrings. Please make a note of the days your child has PE and ensure that earrings are removed or you provide plasters on these days. We are not in a position where we can provide an endless supply of plasters and would appreciate your support on this. Those children swimming need to have their earrings removed as the leisure centre do not allow plasters in the pool. Long hair should also be tied back during physical activities.

Attendance this week:

Owls	95%
Hedgehogs	97%
Foxes	98%
Buzzards	100%

Letters sent home this week:

- SRE Meeting reminder
- Quick Hockeysticks Tournament letter for some of Year 3 & 4
- Youthclub letter

House Points	
Morris	81
Eadburgh	85
Lygon	59
Ruseell	75

Next Friends Meeting

Wednesday 3rd October 7.00 pm

At the school - all welcome

OFFICE NOTICES

Middle School Application Deadline

Although we have only just started this academic year children in Year 5 should have bought home an application pack to apply to Middle School in the first week of term. The deadline for applications is Tuesday 15th January, up until this date all applications are given equal consideration.

Many of the schools have Open Days coming up - look out for details in the local papers or on the individual websites.

New noticeboards coming

We will be having new noticeboards installed at the entrance where you come in at drop off and collection.

Swimming for Years 1, 3 & 4

Swimming for Years 1, 3 & 4 has now started and will take place every Thursday afternoon for 10 weeks up until Thursday 29th November. Please remember to send your child in with their swimming costume/trunks and a towel in a named bag.

Thank you to all those parents who have already paid using the new online payment system. If you have not already paid please can you do so as soon as you are able. Unfortunately the school cannot subsidise this activity and if we receive insufficient income we may not be able to offer this activity again.

After School Clubs

Now that term is well and truly underway and clubs have been going for a full 2 weeks, if you have not yet paid for your child/ren's clubs please can you do so as soon as possible. Places can only be held open for 3 weeks without payment. Without payment the place may be offered to another child. If you are experiencing difficulties in paying please talk to the school office.

Friday Cake Rota

We still need a couple more volunteers for the cake rota. If you would like to help out please speak to me in the school office. Even if you are not able to contribute on a once every 4 week basis and wish to be put on the occasional list it would be very much appreciated.

**Friends will be hosting the annual Halloween Disco
before the end of the half term break. Details to follow!**

Foxes

Foxes class have had a very exciting start to the year. We made some beautiful Egyptian collars out of paper plates and pasta. These necklaces were entered in the Broadway Autumn Horticulture show. One of the necklaces won a 2nd prize and another was highly commended.

To the children's delight the sun God Ra made his way through the time portal into foxes class. He has asked the children to find out about Egyptian Gods and to watch out for Howard Carter. Some of the children have retraced Howard Carter's steps back through the time portal to become archaeologists.

Buzzards

Buzzard Class enjoyed their hands-on Science lesson. They worked together to show what the particles in solids, liquids and gases look like and how they move.

Owls

We have been very busy learning in the Owl class, getting ready for our pirate party making pirate biscuits, party invitations and treasures maps and playing games with walk the plank, treasure hunts and dressing up!

Hedgehogs

Hedgehogs have been using the maths equipment to understand how numbers are made with tens and ones.
