Buzzards	99.5%
National target is 95%	

House Points	
Morris	1009
Eadburgha	985
Lygon	986
Ruseell	1005

Messages from Dr Browning and Mr Poultney:

Thank you to all those parents that completed the recent questionnaire. It was wonderful to see so many positive responses recognising the work the school has done and how we might move forward as we look to the future. A letter has been sent home with your children today detailing the responses in full.

You may recall we purchased a fish tank before the half term break. This week saw the introduction of our first batch of guppies and snails. The children have shown great enthusiasm and one of the females has even given birth this morning. It does however seem the young have the odds stacked against them as mother nature takes its course. Once the fish have had a chance to settle into their new home we will be setting up a rota giving each class the chance to care for our new pets.

Letters home:

- Class 4 Tag Rugby tournament letter
- Families Magazine
- MOMO email and poster
- Parent Questionnaire Response Summary

Buzzards

Buzzard Class made the most of the beautiful weather at the beginning of the week by using the outdoor space to sketch different shapes and convert them into forms. For example, we changed circles to spheres and squares to cubes using a range of shading techniques such as hatching and contour hatching.

Hedgehogs

Hedgehogs have started our new topic- Can a Meerkat live in the North Pole? For our hook lesson, we made meerkat invitations to invite parents to our Inspire Workshop on Tuesday morning. We hope to see lots of you there.

Owls

This week Class 1 were very excited to have a new pirate ship in the outdoor area! We love dressing up as pirates and hiding the treasure. We imagined we went on an adventure to Dinosaur Island and created our Dinosaur Den role play. It was very exciting to have some big 'eggs' arrive in the Dinosaur Den. The big question is what will they be?

Foxes

Welcome back to Foxes class. This week we have enjoyed writing up our plant experiment.

The children have had a go at constructing bar charts and then using these to analyse the results. Well done! You have all returned fresh and enthusiastic.

Next week:

Monday 4th March

Inspire Workshop Class 1

3.15 pm Spanish Club

3.15 pm Team Games

Tuesday 5th March

Inspire Workshop Class 2

3.15 pm Netball club
