Himalayas	George H

Thank you

We would like to say a big thank you to Snowhill Manor (The National Trust) for giving the school a large number of Cadbury chocolate Easter eggs . As you can imagine these were very well received by both children and staff alike!!

School Reports

By Friday 3rd July, all school reports will be sent out electronically to the email registered to you on Parentmail **If you are unable to access this for any reason, please speak to the school office.**

Children will also find out which class they will be in from September.

Our Year 5 children should find out which form they will be in at Bredon Hill Academy on Wednesday 1st July, which would have been transition day for them. They informed us recently that they would be writing to you directly with further information.

Messages from Mr Poultney:

Today has been a special day as we welcomed in our Year 5 children for one last time. This past few months has been incredibly difficult for them and has seen them miss out on so many of the events that make their final term so special.

They have had a great time together today and we all hope that the last few months doesn't take away from the great memories and achievements they have experienced in their time at Broadway First School.

We are all incredibly proud of all the children and say goodbye with a heavy heart. We wish all of Year 5 the very best at middle school and look forward to hearing about all the super experiences and achievements that are still yet to come.

Goodbye Year 5.

More photos to follow next week!!!!

Rockies

This week we have focused on Superheroes! We have designed our own superhero and painted it. We have also worked hard completing our phonics, writing and maths work.

Alps

We have loved the story Zog in class 1 and have been making clay dragons, mint creams and playing with the castle, dragons and knights small world toys. We have also loved exploring the water and guttering outside in the hot weather!

Key Worker Group

We've had a fun week creating our superhero identities. Some of us could fly, some of us could do magic and some of us could even shoot electricity! We also spent time thinking about who our real heroes are, and what makes them a hero to us.
