Sharks 98.5%

National Target is 96%

Message from Mr Poultney:

It's been a great week that started with our African dance workshop. All of our classes had great fun taking part and even learned how modern dances came from African styles of dancing. There have been other activities take place during the week where we discovered that Mrs Fielder was born in Zimbabwe and Miss Poole spent some of her childhood living in the Democratic Republic of the Congo. Christian also created and shared a presentation telling the classes about his life in South Africa before he moved to England. Who knew we had so many diverse links to Africa in Broadway?

It's also really pleasing to see all classes recording attendance above the target this week. Keep at it and help us achieve a super end of year figure whilst ensuring your children are in school learning as often as possible.

Tuesday sees the second of our parents' evening sessions. Details for connecting to Zoom will be shared on Class Dojo. It's not too late to book an appointment for Tuesday. We would like to meet with all of our families so please speak with Mrs Godber or your child's teacher.

Letters sent home:

- Cotswold Country Park & Beach Day
- Next Booster Learning Sessions to selected pupils
- Bell Boating Reminder for Years 4 & 5
- WAC letter to those applicable

Sharks

This week in Sharks class, we have been writing narratives in English, working really hard on our punctuation and vocabulary. We also had great fun in our African dance workshop and researched the life cycles of unusual African animals. In music, we have started to learn a duet on the xylophone.

Seahorses

This week, Seahorses have been busy making their purses in DT. They have also had a very exciting RE lesson with Ms Dudfield. Seahorses have learnt all about Rosh Hashanah (the start of the Jewish New Year) and Yom Kippur. They have tried eating pomegranate seeds as these symbolise the 613 commandments in the Torah and they ate apple dipped in honey which symbolises the start of a sweet new year. We really enjoyed learning African dance as part of our Africa Day too!

Turtles

This week in Turtle class, we have been finishing off our Design and Technology project. We had to design and make a vehicle to go on Safari in. We then evaluated our designs. They were amazing and we had SO much fun. We also celebrated our Africa day and learnt a new African dance. We had to work as a team and keep in time to the music. Our teachers even joined in too. What an exciting week!!

Starfish

This week class 1 have been busy learning all about Africa! We loved learning an African dance in our PE lesson and used drums to learn about African drumming music. We have looked at patterns and made African paper plate necklaces. We have also read 'The Mixed Up Chameleon' and created our own 'Switch Zoo' animals on the iPads.

Cotswold Country Park & Beach Day

Your child should have bought home a letter regarding our fun end of year trip yesterday. The whole school, from Reception through to Year 5 are going to Cotswold Country Park & Beach for the day on Wednesday 14th July. We have managed to keep the cost down to £10 per pupil which, we feel, reflects very good value for money for a full day out! Payments can be made via our Parentmail+Pay system online and the deadline is Monday 14th June. If this deadline is going to be an issue for you, please speak to the school office as soon as possible.

Please note, unfortunately we are not able to offer the day out to our preschool children due to logistics and the high level of staffing this would require.

Year 5 Photographs and Class Photos

On Wednesday 26th April Time Lock Photography will be coming in to school to take the Year 5 school photographs, both individual and whole year group. They will also be taking pictures of individual classes.
