

Oak

This week in English, we have been learning about the different styles of poetry and performing a narrative poem with actions, intonation and humour. In Maths, we have been applying previous learning of fractions to decimals including money and percentages. In Science, we explored the changing state of three different types of chocolate during our melting experiment and are continuing to learn about safety in the kitchen. Year 4 are enjoying Forest School and Year 5 enjoyed Gymnastics.

Willow

Welcome back Willow Class! This week, we have been busy using the iPads to combine photos with art. We took a photo of ourselves and used the iPads to create a portrait of us as an Egyptian pharaoh. In our Science lesson, we have been continuing our learning about electricity and we set up a fair test to see which materials were conductors and which materials were insulators of electricity. In Maths, we have enjoyed learning about tenths as fractions and as decimals.

Maple

We have had a very active week combining our Science and PE work this week. We kept a diary each day and were able to identify the different types of exercise and the effect physical activity has on our bodies.

Acorns

This week, we have been learning about electricity in our home and how to be safe around electrical equipment. We have also continued our learning in e-safety, talking about responses we could say and what to do to keep ourselves safe. Well done Class 1.

Jubilee Party for the children

As you are aware the Queen's 70th Platinum Jubilee is fast approaching and we are looking forward to celebrating this with the children. We have been fortunate to receive a generous donation from the Make a Difference Locally scheme run by Nisa. These funds mean that we can host a street style party on the playground on **Thursday 26th May** in the afternoon. Think lots of Union Jack bunting, red, white and blue everywhere as well as party music, food and lots of fun! We also have a special surprise lined up for all the children to take home to commemorate this important, historical occasion.

I am looking for volunteers to join me in ensuring the party goes well and that the children have an afternoon to remember! If you would like to volunteer for this, please come along to a meeting next **Wednesday 4th May at 9.00 am**. The more volunteers we have, the bigger and better the party can be!! If you are unable to help on the day but can help preparations in another way, please do still come along as all help is much appreciated!

I would like to thank Nisa for helping to make this possible and look forward to seeing you next Wednesday.

New Table Tennis Club

A new Table Tennis Club will be starting on Tuesday 17th May for Key Stage 2 children for 6 weeks in total. The cost will be £3.00 per week and letters with joining instructions will be issued next week. Spaces are limited to only 12 children and if there are more children wanting to take part than there are spaces, in the interests of fairness, names will be drawn out of a hat. Payment will be via the online Parentmail+Pay system.

Brownies is coming back to Broadway!

As you may have heard, a new Brownie unit will soon be opening up in Broadway. As part of the Girlguiding Association, the UK's largest charity for girls, Brownies is for all girls aged 7-10. We have a varied programme to offer- lots of fun, games and of course badges!

We will soon be open for registration. If you would like more information, have any questions or just want to keep updated please follow us on Facebook (Broadway Brownies) or email 2ndbroadwaybrownies@gmail.com
