

## Narnia

In Narnia Class this week, we have been working hard in maths on our fractions unit, finding equivalent fractions and solving problems with missing values. In English, we wrote our own set of instructions based on the book *How to Train your Dragon*. On Wednesday – with Miss Jones – we used the gymnastics equipment in PE to balance, hang and jump. In art, we looked at the different paint brush types and which brush strokes work best for different objects; we then used these skills to try painting a reflection of a landscape (and checked it using a mirror).

## Hogwarts

Hogwarts have had an excellent first week back! On Monday, two scary Vikings came and raided our classroom during our English lesson! We used our thoughts and feelings of the experience to help us with adding suspense to our writing throughout the week. In Maths, we have been identifying unit and non-unit fractions, identifying how to order and compare these too based on their numerators and denominators. A fantastic effort by all this week, well done!

## Oz

In Oz Class, we have had a great first week back. In Topic, we learned about Loch Lomond in Scotland and wrote adverts encouraging people to come and visit this beautiful place. In Science, we learned about the human life cycle and we got to order photos of Miss Kerby when she was a baby, toddler, child and teenager! We then predicted what we will be like when we are older. In PE, we have started Athletics and yesterday, we prac-

## Wonderland

This week in Wonderland class we have discussed the electrical items we use in our home. We made a rule poster about how to be safe around electricity, such as don't touch wires. In maths, reception children have continued our learning of 3D shapes and patterns, consolidating our knowledge of simple 3D shapes as well as recognising, continuing and making our own more complex patterns. Reception children have been trying really hard to complete daily independent tasks, 'rainbow challenges', that build on the learning we do in class. It has been really lovely to see how motivated the children are to get a rainbow sticker for completing all the given challenges!

## Laugh 'n' Learn Pre-School

In pre-school this week we have shared the story of Jack and the Beanstalk, acting out the story using props and have learnt a new beanstalk song. In maths we were set challenges by the giant. We helped the giant find and count his missing golden coins, measured ourselves using bricks and looked at different types of beans.

In Forest School we created natural art inspired by Andy Goldworthy and in Drawing Club we shared the story of the Giant Jam Sandwich, creating art work influenced by the story and writing our code to release the magic. What a fun week, well done pre-school.

## After-School Clubs

All clubs start from next week (15th April). This term we have Science Club, Table Tennis, Gymnastics, Rounders/ Cricket and drama.

## Swimming Gala

The annual small school Swimming Gala is taking place on **Tuesday 16th April** for those selected to represent the school. Races are due to commence from 9.30 and parents are invited to the public viewing area to spectate. Please note only the sandwich option will be available for school lunches on this day as we do not anticipate the coach returning before approximately 12.50 pm. We also request that children have their swimming costumes/ trunks underneath their clothes as the timing is very tight.

## Friends Meeting

The next Friends meeting is taking place on **Wednesday 17th April at 9.15am** in school. They will be planning the next big event which is a Summer Fete on Friday 7th June, 4.30 pm—6.30 pm. Do come along if you are able to as any help, no matter how small, is always appreciated.

## Residential Meeting

If your Year 4 / 5 child is going on the residential trip in May, please come along to the meeting for both parents and children on **Thursday 18th April at 3.15 pm**. **Please enter via the office**. This will give you the opportunity to have a look at where the children will be staying, see what they will be doing and answer any questions you may have.

## Next week:

**Monday 15th April**

Forest School—Year 3

Science club with Ms Fielder
