

## Narnia

In Narnia Class this week, we have been busy practising for the school show. We have also applied our knowledge of 'if' and 'then' inputs from our computing lessons to create a game of rock, paper, scissors on the microbits. On Wednesday, we enjoyed transition day in our new Year 5 and Year 6 classes. Then, on Thursday, we took part in the Pershore Regatta, showing fantastic togetherness and even bringing home a trophy! Well done everyone!

## Hogwarts

This week in Hogwarts, Year 3 have continued their unit of capacity and volume in Maths, measuring in litres and millilitres, whilst Year 4 have been writing and recognising hundredths as decimals. In Science, we consolidated our learning of our Earth and Space topic through creating our own planets before painting them onto a 'Class 3 solar system'. Finally, on Thursday, Year 4 enjoyed participating in the bell-boating regatta whilst Year 3 did a Euros themed orienteering activity on our school field. A fantastic effort from all.

## Oz

Another fun week in Oz Class! On Monday, we enjoyed studying a number of artefacts from a local museum. We were able to hold and play with toys from the 1950s and 1960s - we loved it and ordered them from what we thought was the very oldest to the most modern! In Maths, we have started to learn about shape and so far, have learned to count sides and vertices on 2D shapes. In Science, we set up an experiment to observe over the week, it involved different drinks and eggs. The egg shell represented the delicate enamel on our teeth and clearly showed what sugary drinks can do to our teeth! Well done everyone.

## Wonderland

This week, Wonderland class has enjoyed meeting all their new friends in the transition mornings. Reception children had lots of fun in their new Dahl class and our Pre-school children enjoyed meeting new Reception children and Preschool children. They loved seeing some familiar faces! We visited forest school and made s'mores with some of our new friends. We also had fun completing different Donaldson activities, such as a 'Superworm' and Stickman. In Maths, the Reception children have been looking at complex patterns, identifying repeating units and making up their own rules. Well done!

## Laugh 'n' Learn Pre-School

In Laugh 'n' Learn Pre-school this week, we have enjoyed meeting our new class friends who will be joining us in September. We cooked s'mores together in Forest School and accessed a range of Julia Donaldson themed activities as our new class name will be 'Donaldson'. We have also continued to build our subitising skills in Maths and have enjoyed the story, 'Agent Llama—Alpaca Attack'. We found the spy tools very funny including a helicopter paperclip! A great week Pre-school!

### Next week:

Monday 1st July	Belated World Music Day
Tuesday 2nd July	Piano lessons at 1.00 pm Table Tennis with Ken Baker week 10 at 3.15 pm - <b>Final session</b>
Wednesday 3rd July	NO Book & Biscuit Second Stay & Play session for new Reception children at 9.00 am Gymnastics with KO Sports week 10 at 3.15 pm— <b>Final session</b>
