Attendance this week

Donaldson	98%
Dahl	100%
Suess	94%
Morpurgo	94%

Message from Mr Poultney:

An exciting morning in Classes 3 and 4 today as they visited the archaeological dig in Broadway. It seems the children had lots of fun and learnt many facts about the site. However, I am yet to find anyone that found anything valuable although there were claims that some cow bones and a toe nail had been discovered!

Next week sees the first of our Inspire Workshops. For those parents that are unsure what these are then you are in for a really enjoyable session with your child. The workshops last about 45 minutes and are an opportunity for you to complete a task with your child. The teaching staff will choose an activity that links to learning and we know that parents really value the sessions. Class 4 and Class 2 have their sessions next week with the other classes after half-term.

Poppies are being sold at school so please support the cause. Details have been sent out and classes will be visited daily so that children can make their purchases.

A reminder that our Open Morning is on Wednesday 23rd October. If you know anyone looking for school places or with pre-school aged children then make sure they are aware.

Next week also sees the Friends Halloween Disco on Thursday. Key Stage 1 (Class 1 & 2) are first up with Key Stage 2 (Class 3 & 4) later that evening. Mrs Worrall's *HALLOWEN SPOOKTACULAR DAY* is on Friday where children will experience a spooky science experiment, fancy dress and the famous pumpkin competition. Don't forget to put your name and class on your design.

Have a super weekend everyone.

Letters sent out this week

- Parent Survey—After School Clubs
- Poppy Appeal
- New Lunch menus—please order for after half term
- **Halloween disco—tickets on sale in the office and at the school gate**
- Operation Christmas child—shoe box appeal

Donaldson (Class 1)

Donaldson class enjoyed learning about Space this week. We read the story 'Whatever Next' and made our own rockets. We drew and recorded some sounds of the things we would take into space. We also sang the rhymes '5 little men in a flying Spaceship' and 'Zoom Zoom Zoom'. In maths reception children consolidated the unit 'Measures and Patterns'. We all enjoyed making fruit kebabs using a repeating pattern.

Dahl (Class 2)

We've had a lovely week in Dahl Class. We have been busy with our adding and subtracting in Maths. In Science, we set up a new investigation. We are growing cress seeds in different places including the cupboard and the fridge! In Topic, we wrote an advert to invite people to 'Come to Broadway!'. We thought of many different reasons why Broadway is a great village to visit! Well done everyone.

Seuss (Class 3)

This week in class 3, we completed our abstract art using oil pastels. This was influenced by Wifredo Lam, and some lovely Cuban music. We also started our new topic book, 'Stig of the Dump'. We came back from assembly to find our classroom had been turned into our very own dump! This gave us a lot of inspiration to write creatively, and think about the characters and dialogue that Barney and Stig may have had after their first encounter. Finally, the week was topped off by an exciting trip to an archaeological dig. It has been a busy, but a very enjoyable one!

Morpurgo (Class 4)

What an exciting week! In Maths, we have consolidated our learning of column addition and subtraction, attempting to solve two-part problems. We have also spent some time creating our final abstract Stone Age art, inspired by the artist, Wilfredo Lam. On Wednesday, all of Year 4 and 5 took part in a STEM workshop, where they were challenged to design a hauler or loader that could move some earth. They all showed great togetherness and made some fantastic moving vehicles. Well done, to Hugo and Makenzie who won the award for best design! Finally, on Friday, all of KS2 enjoyed visiting the local archaeological dig, which is happening in the village.

Laugh 'n' Learn Preschool

Laugh 'N' Learn Pre-school have looked at building our number name knowledge and have completed counting upwards and backwards from 1 to 10 in a range of ways. We have shared a range of counting nursery rhymes and continued to play games in our phonics sessions to build our sound discrimination, along with sharing stories based in space. We also enjoyed cooking s'mores in Forest School. Great work Pre-school!

Year 5 Open Events—Middle School

Bredon Hill Middle School—Tuesday 22nd October 2024 6-8pm (Headteachers welcome talk 6.15pm & 7pm).

Next week:

Monday 21st October

Tuesday 22nd October

Inspire workshop - Class 4 - 9am start
