

Ruby (Class 1)

This week in Ruby Class, we explored history and compared knights in the past to present day and talked about how to become a knight. We have made our own swords and designed coats of arms for our shields. In Drawing Club we continued the book 'Little Rabbit Foo Foo' and created our own goblin houses. In Maths, we started the unit 'Talk about measures and patterns' and have compared size, weight, capacity and patterns. Well done reception!

Diamond (Class 2)

This week in Diamond Class, we've had lots of fun with the Julia Donaldson story 'Room on the Broom'. We have made broomsticks, potions and wands and loved joining in with the story as it is read aloud! In Maths, we have looked at number lines from 1-20 and learned how to estimate where a number will be. In Topic, we have learned about three local historical sites – Broadway Tower, Warwick Castle and Sudeley Castle. We plotted these on a map and spotted their features such as towers and battlements. We will learn more about these over the next few weeks. Well done everyone!

Emerald (Class 3)

This week in Class 3, we have been looking at artifacts from Ancient Rome. We looked at a gravestone, coin, wall from an amphitheater, pots and a statue as well as clothing. We then compared them to days items. How are they different, why might that be? It raised a lot of questions, and the children were keen to explore more. We found out what life was like for a child. Emerald class didn't really like the idea of school seven days a week, with lunches consisting of brains and fish guts.

We finished off our place value topic in Maths, with Roman Numerals. I think we can all appreciate numerals of today! This leads us nicely onto 'Addition and Subtraction'. We finished off our week with art, finally painting our pots in the style of Grayson Perry, using lots of bright colours. Well done class 3, have a lovely weekend and keep reading!

Amber (Class 4)

We've had a great week in Amber class. In Maths, we have revisited using column addition to add 4-digit numbers together, with Year 5 adding numbers larger than 4-digits. We've also been working super hard on our presentation, showing pride in our work. In our French lesson, we extended our knowledge of numbers and months of the year and learned to ask when your birthday is. We listened to a fun song to help us remember – if you want to listen at home you can follow this link: [Quelle est la date de ton anniversaire ?](#)

Laugh 'n' Learn Preschool

This week in early phonics Preschool have begun to learn about body percussion, being able to keep in time with a beat and begin to make and copy patterns using our bodies. In math's we have carried on with our space, shape and measure unit, exploring shapes and creating models. We enjoyed going on a nature walk to find shapes in the environment. We've also been busy making and designing our own swords for role play as knights and princesses. What a busy week we've had, well done preschool!

Laugh 'n' Learn Nursery

This week, the children had a fantastic time exploring our soft play equipment. They climbed, crawled, balanced, and rolled with huge smiles and lots of energy! As well as being great fun, soft play offers so many learning opportunities such as developing their gross motor skills, building strength and coordination, and learning how to move their bodies with increasing control. It also encouraged turn-taking, sharing space, and working together which are all important parts of their social and emotional development. It was great to see them growing in confidence and watching them have lots of fun doing so!

OPAL Play

In OPAL this week, we are excited to invite families to our **OPAL/Inspire Event** taking place on **Friday 17th October from 2:00–3:00pm**. While we would love support in developing the wildflower area, planting spring bulbs and developing our growing beds, this is an opportunity for parents and carers to engage in our enriched outdoor play. We will also be celebrating the learning in classes with the children showcasing some of their learning activities to get involved in! Our new lunch provider, Cater Cater, will also be in attendance and are hopefully including some tasters.

Fascinating Interviews from the School Council

A new feature. Over the course of the year, the school council will be interviewing different staff members to find out a little more about them.

What's your name?

Liz De'Oliveira

What do you do at Broadway school? I'm a teaching assistant in Emerald Class.

What is your favourite part of the job? Working with all the lovely children in Emerald class and Ms Langford.

What do you dislike most about your job? When children fall out with their friends.

What were you like at school? I was quiet and worked hard.

What's your favourite colour? Pink!

What is your favourite sport? Swimming, I used to swim for Evesham swimming club.

What is your favourite movie? The Little Mermaid

What other jobs have you had previously to this? I was a travel agent.

Can you tell us a funny fact about yourself? Let me think about that one.

If you could give some advice to your younger self, what would it be?

Work hard at school!

Thank you again for taking the time to chat with us,

Mia and Faith
